

## High weatherability & Fuel resist radio absorber

ECCOSORB AN-P is flexible radio absorber with light weight, thickness, high weatherability (i.e. without coating/protection) and high resistance to fuel oils.

### Features

1. Light weight :  
Achieve to 90% down weight due to adopt the closed cell material, i.e. polyethylene, with compared to conventional resonance type.
2. High resistance to fuel oils
3. Weatherability

### Application

1. For reflect attenuation of antenna tower in chamber.
2. To avoid the reflection from steel towers, building.
3. For reflect attenuation on the body of plane / helicopter
4. To avoid the false image of marine radar

### Specification

	AN-P2~6	AN-P7~12
Bandwidth	2~6GHz±0.2GHz	7~12GHz±0.5GHz
Reflection	-20dB	-20dB
Size	90x90cm	90x90cm
Thickness	9.5~30mm	9.5~30mm
Weight	0.3~1.0kg	0.3~1.0kg
Color	White (Gray as demanded)	White (Gray as demanded)

**ECCOSORB AN-P**
